In July of 2008, the Common Council of the City of Whitewater adopted an ordinance to create a Residential Rental Registration requirement in the City of Whitewater. A premises is considered rented if any funds are paid by a resident to another party for the right to reside at the property. The ordinance does not apply to legally-recognized non-profit rental entities, the State of Wisconsin, or any agency thereof.

This requirement applies to all rented residential premises. The registration shall be completed within 15 days of rental of the residence.

Termination of Rental of a Premises. The registration shall be effective and valid for the life of the residential rental entity. Each residential rental owner shall notify the City Clerk upon termination of the rental of the premises within 15 days of the change. Anyone convicted of violating any provision of the ordinance will be subject to a fine of not less than \$100 or more than \$200 for each violation, in addition to the costs of prosecution. Each day of violation shall be considered a separate offense.

CDA, TV, AND PUBLIC RELATIONS

CDA

The Community Development Authority serves as the lead department for economic development throughout the City. The office assists both current and new businesses with their expansion efforts. The CDA also manages the various Tax Incremental Financing (TIF) districts. These districts are designed to provide various forms of financial assistance to businesses.

Also, the CDA offers a wide variety of loan programs designed to assist both start-up businesses and to create new employment opportunities. The loan programs offer a low fixed interest rate guaranteed through the term of the loan.

PR & Communications

Meet the new PR & Communications Manager

The City of Whitewater is excited to introduce Kristin Mickelson, the new Public Relations and Communications Manager.

This position was created as an extension of the Community Television Manager; knowing television is not the only resource for information these days. In this new role, Kristin will be responsible for managing the Community Television Channel 98/990, updating the City website, keeping up with local events and news to share on social media outlets like Facebook and Twitter, as well as keeping the community and media informed with press releases, appearances and interviews.

Kristin is a graduate of the University of Wisconsin-Whitewater with a Bachelor's Degree in Broadcast Journalism and a minor in Multimedia. In college, Kristin was producer, director, anchor, reporter and technician for UWWTV and many of their programs. The experience helped her grow her 8 year career with Blain Supply, Inc. and Blain's Farm and Fleet, where she began managing public relations for all 38 stores and the distribution office.

Looking for a change in scenery, Kristin is excited to return to her "second hometown" of Whitewater to help bridge the communication between government and the community.

Kristin and her husband reside in Janesville, where they were both born, raised and went to high school together. Her husband Bill is an Inventory Technician for the City of Beloit. They are both enjoying working for local government.

Kristin began her new role in Whitewater on January 30th and can be reached at KMickelson@whitewater-wi.gov or by phone at 262-472-1387 or 262-903-9508.

NEIGHBORHOOD SERVICES & DPW

Neighborhood Services

The City of Whitewater Neighborhood Services Department handles construction and building permits, planning for the city, and neighborhood code enforcement. In an effort to keep Whitewater beautiful, Neighborhood Services would like to remind residents of certain rules, guidelines and services.

Garbage and Recycling Pickup: John's Disposal is contracted by the city to supply trash, recycling and bulk pickup (old couches, dressers, beds, etc.). Trash pickup is on Thursdays, while recycling days are every other Thursday. Bulk pickup is the second Thursday of the month. Toters may not be set out earlier than 4pm on Wednesdays and must be removed before 9am on Friday. If containers are left out and the city has to move them there will be a \$25 fee charged. For more information or to arrange special trash pickup call John's Disposal at (262) 473-4700 or the Department of Public Works at (262) 473-0560.

Bulk Trash Pickup: Bulk pickup is scheduled on the second Thursday of the month. This service is provided to dispose of old couches, beds, dressers, etc. There is no charge, just leave the items on the front yard next to the road after 4pm the day before the pickup. If you would like bulk items to be removed immediately call (262) 473-4700 to schedule with John's Disposal. Ask John's about the cost of collection.

Lawns: Grass must be kept cut and noxious weeds kept in control in planting beds, lawns and cracks in pavement. If the grass is taller than six inches you can be fined.

Outdoor Furniture: For rodent and pest control reasons, indoor furniture like couches and recliners are not allowed outside or on any open porch, balcony or lawn. You are allowed to have furniture outside which was manufactured for outdoor use.

Sidewalks: Sidewalks are a public right of way and must be kept free of debris. Please contact the DPW at (262) 473-0560; if any part of your sidewalk needs replacing.

Zoning: Much of Whitewater's residential areas are zoned for single-family use (R-1 and R-2.) This means only three (3) unrelated people can live in one residence. Check the map at <http://whitewater-wi.gov/residents/maps>.

Make sure you are living legally. If you are living illegally both you and the property owner will be subject to fines. For more information call the Neighborhood Services Department at (262) 473-0540 or visit the City of Whitewater's website at www.whitewater-wi.gov.

Public Works

Brush Chipping

The city conducts brush chipping year-round every Tuesday. To have your brush chipped please call (262) 473-0560 before 5:00 a.m. on every Tuesday and leave your city address.

Storm Water Catch Basins

Fines and/or penalties will be imposed on those who are caught unlawfully dumping any substance into storm water catch basins. Substances like household chemicals, grass clippings, leaves, fertilizers, insecticides, automotive fluids, oils, paints, pet waste and commercial waste are prohibited. Anything dumped into storm water catch basins can travel through storm drains to local streams and rivers. These pollutants harm water quality and can kill aquatic life. Residents are encouraged to report illegal dumping by calling the DPW at (262) 473-0560.

Potholes

The city anticipates pothole issues on streets when the weather warms. These potholes will reveal themselves primarily in late March or April when the ground thaws. Residents should contact the DPW at (262) 473-0560 To report a pothole. Thank you for your patience and drive safely!

Compost operation

The City of Whitewater compost site will open on Saturdays around the end of April, and on Wednesdays in mid May.

WASTEWATER

The compost site hours will be: Saturdays – 8 a.m. to 2 p.m. and Wednesdays – 3 p.m. to 7 p.m. Be sure to watch the City website or call (262) 473-0560 for exact opening dates. Weather permitting; the compost site will remain open until November. City of Whitewater residents only can bring yard waste to the site for disposal. All personal containers, including plastic bags must be emptied and taken home by residents dropping off compost.

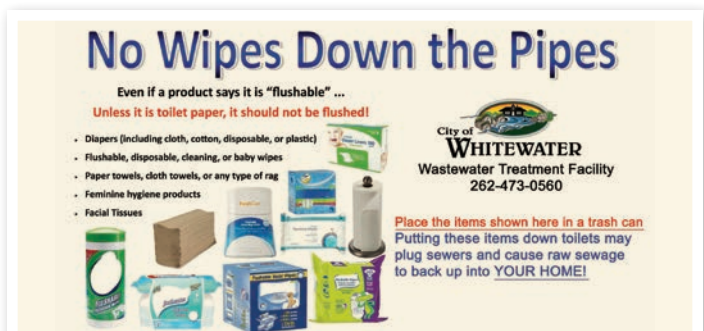

The city will have a loader available for composted material and wood chips the first Saturday of every month beginning in May. Residents may help themselves; however, they must load their own composted material or wood chips.

Hydrant Flushing

The city's water main and hydrant flushing program will likely take place in May. Flushing of the water mains is necessary in order to continue to deliver clean safe water to our citizens. Flushing of the water mains and hydrants can cause some discoloration of the water. Caution should be exercised in washing of white clothing. Discoloration of the water due to flushing WILL stain white clothing. We notify the public in all the local media possible therefore we cannot be responsible for stained clothing. If discoloration is detected, run the cold water faucet until the discoloration clears. If reduced pressure is experienced after flushing you may have to clean the aerators on your house faucets. If you have any questions, please contact the Water Utility at (262) 473-0543 or the Department of Public Works at (262) 473-0560.

Coping with a Sewer Backup

If you experience a sewer backup call Wastewater Utility at 262-473-0560 between the hours of 7 a.m. - 3:30 p.m., Monday through Friday, or call 262-473-0555 (after hours). We will dispatch a maintenance crew to your address and determine if the blockage is in the public system or your private line (sewer lateral). If the sewer main is found to be clear, it is the responsibility of the property owner to correct the problem. The City cannot recommend a plumber; however, a list of area businesses that provide this service is available. We do recommend residents obtain multiple quotations and check references prior to having the work done. If the blockage is in the City system we will fix it as quickly as possible and keep you informed about what is being done.

No Wipes Down the Pipes

Even if a product says it is flushable, do not flush it down the toilet. Only toilet paper should be flushed!

The following items should be placed in a trash can: flushable/disposable cleaning or baby wipes, paper or cloth towels, any type of rag, feminine hygiene products, and facial tissues. Putting these items down toilets may plug sewers and cause raw sewage to back up into your and your neighbors' homes.

Help Us Maintain Healthy Pipes

Grease Concerns - In order to maintain quality sanitary sewer services for public health and safety for all residents, grease should never be put down pipes. Grease and sand can settle out and possibly solidify as it would in a pot or pan in your household. Over time this causes the sanitary line (your private line or the public mainline) to become smaller and smaller. The end result is a blockage in the line which will result in sewage in your home, business, your neighbors' home or overflowing the system into the environment.

Clear Water Concerns

Roof drains, sump pumps, and/or foundation drains connected to the city's sanitary sewer system is illegal. These cross-connections send groundwater or rainfall to the wastewater treatment plant, consuming valuable treatment capacity. Please familiarize yourself with your house plumbing system. You may be contributing to the problem if you have roof downspouts that are piped underground, a sump pump that has no identifiable discharge point, or foundation drains that do not discharge to a low point on your property. Residents must disconnect unlawful connections to the sewer system. You may contact the Department of Public Works at (262) 473-0540 to help find reasonable alternatives.

Parking

Remember, it is your responsibility to park legally. The Whitewater Municipal Code can be found online at https://www.municipal-code.com/library/wi/whitewater/codes/code_of_ordinances or in print at the Irving L. Young Memorial Library.

Signs and Markings

Watch carefully for signs and markings that prohibit or restrict parking, in yellow curb areas, across parking stall lines, in yards, too close to driveways, in excess of time limits, etc. Check up and down the street several car lengths because signs can't be everywhere.

Winter Parking Regulations

No parking is allowed on City streets from November 1st to March 31st from 2 a.m. until 6 a.m. Signs are posted at the City limits only.

Temporary Parking Permission

You may contact the Neighborhood Services Department at 262-473-0540 (or Police Department after regular business hours) to request temporary permission to park in violation of restrictions for disabled vehicles and/or special circumstances. Permission will often be granted for short periods if the vehicle does not create a hazard. Call for permission right away, parking tickets will not be excused after the fact.

Animal Control

You must have your dog under voice command or on a leash. If your animal is at large it will be impounded at the Walworth County Humane Society. There is a \$30.00 fee that must be paid to the City Finance Department before your animal is released. Animals which habitually bark or cry are prohibited. Citations can be issued for noncompliance of these ordinances.

Guidelines for Parties & Special Events

The following is a list of suggestions for all Whitewater residents regarding hosting parties:

- Visit surrounding neighbors, be friendly, and make sure they know a couple of days in advance that a party will occur.
- Ask guests to respect the neighbors. The host is responsible for the condition of the neighborhood after the party.
- Do not advertise alcohol-related parties to the general public.
- Monitor your party. Keep it under control if you are outside, or have open windows.
- Do not sponsor large open parties which tend to get out of control.
- Do not allow underage drinking.
- Do not carry open containers of alcoholic beverages beyond your private property. This is illegal in Whitewater even if you are over 21 years of age.
- Do not let anyone drive home under the influence of alcohol. The host can be held civilly and criminally liable for the drunken person's actions. This is true, even if he or she goes somewhere else and drinks more. Know when to stop serving alcohol.

Selling Alcohol

It is against the law to charge for alcoholic beverages at the door of a party, charge for alcoholic beverages in a package deal (such as providing beer with dinner, selling cups to fill with free beer or charge for a band or other entertainment and "give-away" the alcohol, etc.) or to be frequenting a place of illegal activity such as a party where alcohol is being served illegally.

Drug Drop Box

The City provides a drug drop box for the disposal of unwanted pharmaceuticals. The drug drop box and corresponding disposal information are located in the Fremont Street foyer of the Whitewater Municipal Building.

Kids Escape

Kids Escape will now take place at the High School June 19 - July 14 while Summer School takes place, and move to Trippe Lake Shelter June 12- June 16 & July 17 - August 18. Please note this will be the only camp offered this summer.

Kids can join for one day, one week, two weeks, or the entire summer of fun! Knowing that children need and want more to do during their summer months than to hang inside and watch cartoons or play video games all day, and realizing that parents need quality, convenient, and affordable camp options, are a few good reasons why we made changes to the Kids Escape Program.

This program will engage the children in scavenger hunts, water adventures to include sandcastle competitions, biking, and much more. A new group activity will be planned each day- five days a week. Geared for 6-11 year olds.

NEW: The department realizes that not all families have similar schedules. The kids escape program is offering registration by the day, week, or entire summer. While at Trippe Lake Shelter, the program will also offer an earlier start and later pick up time. Space will be limited to 22 kids for proper staff scheduling. Be sure to sign up before the deadline to secure your spot.

Participants must be signed up before the deadline or risk the chance of not being able to join the program. ANY LATE REGISTRATIONS TAKEN WILL BE CHARGED AN EXTRA \$10 PER CHILD.

Ways To Sign Up For Kids Escape- Daily

Kids Escape now gives you the option to select certain days you would like to attend. To utilize this option, you must visit wwparks.org and select the Summer Camp Blue Tab, print off the Daily Kids Escape Calendar, turn the calendar and payment into City Hall by the noted due date. NO late calendars will be accepted.

Below is an example of what the summer calendar will look like. You must print this calendar off, circle the days you will attend, follow the formula on the bottom to figure price, turn both calendar & payment into City Hall, and then enjoy the program. Prices for half days will be \$10 per day & \$15 for full days.

Kids Escape Helpful Hints & Reminders

We are very excited for Kids Escape this summer. There are a few items we would like to remind and inform you about.

The “Need to Know”: Get ready for a GREAT summer!

Lunch: When the program takes place at the High School, participants will be encouraged to enjoy the free lunch program that will take place after summer school. If participants select not to utilize the free lunch program, please be sure to pack a brown bag lunch that doesn't need to be refrigerated. Participants will meet at the program room first and then enjoy lunch as a group. When the program takes place at Trippe Lake Shelter, please be sure to pack a brown bag lunch daily. This location does have a full size fridge for lunch storage.

Shoes: We walk...a lot...flip flops are great-sometimes shoes are a good thing, too.

Water Days: Even though it may not be an 'official' water day, sometimes we get wet...we don't melt...and if you would like to store spare clothes at Trippe-feel free to send them in a labeled bag! That being said-if it is a water day—swimsuits are a great idea! Sunscreen. The kids will have it on them every day. It would be greatly appreciated if you would send a labeled bottle for your child. We lather it on as much as possible!!

Water Bottle: As often as possible please send a labeled water bottle with your child.

Biking: When we have our biking days everyone goes biking. We make up different groups based on ability and everyone has a great time. No need to worry if you are a beginner or someone who is not a distance biker—it's all about getting out there! If you do not have a bike, please let me know so that I can find one for your son/daughter to use! Helmets are required to participate.

Weather: The children will be safe regardless the weather. Our Trippe Lake Shelter location is approved as a Tornado Shelter. We will make adjustments for drop off and pick up if needed.

The “Other” stuff: As appealing as the lake looks to swim in we do not swim in it! The kids may use the water for sandcastles, etc. but swimming is not allowed.

VARIOUS ACTIVITIES

ACADEMIC ACHIEVEMENT

Did you know that kids who are physically active get better grades?

Research shows that students who earn mostly **A's** are almost twice as likely to get regular physical activity than students who receive mostly **D's** and **F's**.

Physical activity can help students focus, improve behavior and boost positive attitudes. Do what you can to help your child be physically active, be it running, biking or swimming. Any type of physical activity is good, and 60 minutes a day is best. Their grades will thank you!
